

P1.2 AHJ + Code Basis Evidence (Normalized) (Mock)

Derived from: P1-I05_AHJ_Electrical_Permitting_CodeBasis_2026-01-17.pdf
EV Charging Site Project — Phase 1 Normalized Outputs (MOCK)

This normalized evidence preserves the AHJ identity and adopted electrical code basis used for code sheets and permit application packaging. Replace with actual capture and archive portal/download metadata.

Normalized fields (mock):

- AHJ: City of Palo Alto — Building Division (Electrical Permits)
- Code basis: 2022 California Electrical Code (CEC)
- Capture timestamp and capture method recorded

Downstream usage (mock):

- P3.5 electrical notes/code sheet references
- P4.2 permit application package (forms + metadata)
- P5 plan-check responses anchored to adopted code edition
