

EOR Review Notes (Mock)

Input to stamping issuance | Date: 2026-01-28
EV Charging Site Project — Phase 4 Inputs (MOCK)

This memo represents mock Engineer-of-Record (EOR) review notes prior to issuing the stamped permit set.
Replace with actual EOR markups and sign-off.

Notes (mock):

- Confirm EMS cap note and fail-safe statement included on one-line.
- Verify nomenclature EVSP-1 consistent across sheets.
- Ensure code notes reference adopted code edition (CEC 2022) and EVSE continuous load treatment.
- Administrative: add stamp block on cover sheet; include project address.

MOCK / EXAMPLE ONLY

Signature (mock): _____ Date: 2026-01-28
